

RAIDER

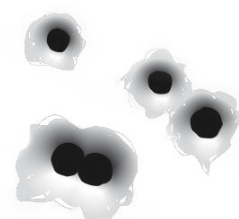

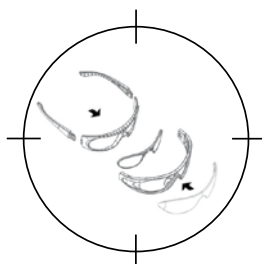

ballistic spectacles - kit

With its easy-to-change, **PLATINUM** scratch resistant, anti-fog mono-lens in **clear, yellow and smoke versions**, the RAIDER ballistic glasses adapt to all your needs for maximum protection. Thanks to its dual temples/strap system and the possibility to add foam, you can now choose the version best suited to your needs.

PLATINUM

The new exclusive PLATINUM coating guarantees even more safety, reliability and comfort. Washable (water and soap), this permanent coating applied on both sides of the lens makes it highly scratch resistant and durably delays the appearance of fogging.

The RAIDER kit comes with spare lenses, a microfibre pouch, a strap, temples and a rigid carry case.
