MODEL	VERSIONS	REFERENCES	LENS MARKING	FRAME MARKING	COATINGS
COBRA	 Clear	PSSCOBF027	 IO	AS/NZS 1337.1:2010	Anti-scratch/Anti-fog/ 
	 Smoke	PSSCOBF416	 I3	AS/NZS 1337.1:2010	Anti-scratch/Anti-fog/ 
	 TWILIGHT	PSSCOBFT05	 I2	AS/NZS 1337.1:2010	Anti-scratch/Anti-fog/ 

LENS MARKING

-  Platinum is a permanent coating applied on both sides of the lens that gives a high resistance to scratching (1.4 cd / m²) and to the most aggressive chemicals and delays the onset of fogging for two minutes, as per the testing requirements of EN166.
- I.** The letter 'I' signifies 'Medium Impact' approval.
- O.** The letter 'O' signifies that the product has been approved for the use both outdoors and indoors, and the terminology used by Australian standards is 'outdoor un-tinted'. This marking appears on all clear, amber and contrast lenses.

Ocular lens category:

- Range of luminous transmittance 80-100% (Clear).
- Range of luminous transmittance 18-43% (Twilight)
- Range of luminous transmittance 8 -18% (Smoke).

TECHNOLOGIES

 **PLATINUM**
The exclusive scratch and fog resistant PLATINUM® coating guarantees even more safety, reliability and comfort. Washable (water and soap), this permanent coating applied on both sides of the lens makes it highly scratch resistant and effectively delays the appearance of fogging.

TWILIGHT

The Twilight technology offers the advantages of ESP with a double anti-fog coating (on both sides of the lenses) to prevent fogging in the most challenging conditions. Designed and used in low light conditions, it improves contrast. Its light transmission rate is perfect for outdoors, particularly early morning and late evening. Twilight filters 76% of blue light.

FRAME MARKING

AS/NZS 1337.1:2010 Tested and approved to AS/NZS 1337.1.2010 for medium impact protection. Resists a 6mm at 45 m/s.

CLEANING AND STORAGE

CLEANING: The lenses should be cleaned regularly. Bollé Safety recommends only using the B-clean lens cleaning system.

MAINTENANCE: Pitted, scratched or damaged lenses must be replaced by replacing the complete product. If the frame is damaged also replace the complete product. After each use it is recommended to keep the spectacles or goggles in a microfiber pouch or rigid case.

STORAGE: All products must be stored in a dry and clean environment.
