## DESCRIPTION

The wraparound RUSH+ Small was specifically designed for narrow faces. Light and with a wide field of view, this model offers a perfect optical quality and unique comfort in all situations.

**PLATINUM® (P) ASAF Coating**

Permanent coating on both sides of the lens gives them a high resistance to scratching, and delays the onset of fogging. Certified K & N (EN166) PLATINUM® resists to the most aggressive chemicals.

**CSP**

This innovating coating is an effective solution for all activities that alternate exposure to bright light and low light, while also being suitable for extreme hot and cold temperature environments.
