

# BACKDRAFT

## ADVANCED TECHNOLOGY FOR FIRE FIGHTING

BACKDRAFT are the new high technology fire fighting goggles that are compact, high performance and comfortable. Fully sealed and able to withstand the most extreme conditions (heat and abrasion), BACKDRAFT provides safety and protection. With its double, high strength, fog resistant PLATINUM coating and its optional optical insert, BACKDRAFT is concentrated innovation.

### TEMPERATURE RESISTANCE

Frame: between 100°C and 135°C  
Lens: 135°C  
Foam: 125°C  
Strap: 110°C

### LENS MARKING

#### Optical class symbols:

1. Continuous work

#### Mechanical strength symbols:

**B.** Medium energy impact, resists a 6 mm, 0.86 g ball at 120 m/s.

**T.** The letter T, immediately after the mechanical strength symbol, authorises use for high speed particles at extreme temperatures.

#### Others symbols:

**K.** Resistance to surface damage by fine particles (optional)

**N.** Resistance to fogging (optional)

**C€** European standard  Manufacturer name

### FRAME MARKING

**EN 166:** guaranteed minimum resistance of the protective eyewear against everyday risks including dropping the protective eyewear onto the ground, ageing by light exposure, exposure to heat or corrosion etc.

**3.** Liquid droplets or splashes.

**4.** Large dust particles > 5 microns.

**5.** Gas and fine dust particles < 5 microns.

**B.** Medium energy impact, resists a 6 mm, 0.86 g ball at 120 m/s.

**T.** The letter T, immediately after the mechanical strength symbol, authorises use for high speed particles at extreme temperatures.

**C€** European standard  Manufacturer name

**Bollé Safety product approval certificates to CE standards will be sent on request.**

### TECHNOLOGY

#### **CSP**

This innovating coating is an effective solution for all activities that alternate exposure to bright light and low light, while also being suitable for extreme hot and cold temperature environments. CSP is also combined with the exclusive PLATINUM coating that sustainably combats fogging.

#### **PLATINUM**

The new exclusive scratch and fog resistant coating K and N certified PLATINUM guarantees even more safety, reliability and comfort. Washable (water and soap), this permanent coating applied on both sides of the lens makes it highly scratch resistant and durably delays the appearance of fogging.

### CLEANING AND STORAGE

**CLEANING:** The lenses should be cleaned regularly. Bollé Safety recommends only using the B-clean lens cleaning system.

**MAINTENANCE:** Pitted, scratched or damaged lenses must be replaced by replacing the complete product. If the frame is damaged also replace the complete product. After each use it is recommended to keep the spectacles or goggles in a microfiber pouch or rigid case.

**STORAGE:** All products must be stored in a dry and clean environment.

### PACKAGING AND EAN 13 CODE

	BACECSP	BACSOS
Individual plastic bag	3660740007294	3660740007911
Box of 5 safety goggles (50 optical inserts)	3660740107291	3660740107918
65 safety goggle per outer pack (600 optical inserts)	3660740207298	3660740207915

### CHARACTERISTICS

LENSES	PC - inside: 1,4 mm PC - outside: 2.2 mm curve 7C
FRAME	TPU
TEMPLES	NA
STRAP	Nylon // non-flammable
FOAM	SBR
